

#121 The Short Space Kingdoms – The Roles of Eisenhower in both Daniel 2:42 and Revelation 17:10

We are accurately *matching up* the Daniel 2:41-43 Cold War Divided Kingdoms of Iron (U.S.) and Clay (USSR) with the 7th (USSR) and 8th (U.S.) Kingdoms of Revelation 17:10. The purpose of this discussion is to understand that we can easily see the role of Dwight D. Eisenhower *as just one example of the matching up of the passages*, since Eisenhower was the President of the United States when *Sputnik* was launched by the Soviets on October 4, 1957, sparking the space race and the creation of America's NASA. Eisenhower was President of the United States from January 20, 1953, to January 20, 1961.

Key Understanding: Eisenhower in both Daniel 2:42-43 and Revelation 17:10-11. Dwight D. Eisenhower, *in his role as President* of the United States, was a part of the fulfillment of Daniel 2:42-43 and Revelation 17:10-11.

Eisenhower in Daniel 2:42-43

Daniel 2:42 – Eisenhower, the Man of Iron, vs. Stalin, the Man of Steel.

First, we see Eisenhower in Daniel 2:42 as concerns the *Cold War* battle against the USSR. His presidency, which began on January 20, 1953, happened to even briefly overlap Stalin's leading of the USSR, for Stalin died on March 5, 1953. [Of course, Eisenhower in the role of General was also a part of the *World War II* fulfillment of Daniel 2:42 as the Man of Iron of *Strong Iron America*, defeating *Broken Clay* Germany at 2:41 a.m., May 7, 1945.]

Daniel 2:42 (KJV) And as the TOES OF THE FEET were part of IRON [Eisenhower – the Man of Iron – and the Rod of Iron U.S.], and part of CLAY [Stalin – the Man of Steel – and the 1991 Fall of the USSR], so THE KINGDOM SHALL BE PARTLY STRONG, and PARTLY BROKEN.

Eisenhower in Revelation 17:10

Revelation 17:10 – Eisenhower and NASA. Then, we see Eisenhower attached to Revelation 17:10 by virtue of the fact that he was President of the United States when NASA was created to compete with the USSR in the Space Race, which the U.S. eventually won.

NASA was created on Oct. 1, 1958, to perform civilian research related to space flight and aeronautics. President Dwight D. Eisenhower commissioned Dr. T. Keith Glennan (*right*) as the first administrator for NASA and Dr. Hugh L. Dryden as deputy administrator.

*Revelation 17:10-11 (KJV) . . . and **THE OTHER** [the Seventh Kingdom, the USSR] **IS NOT YET COME**; and when he cometh, he [the Seventh Kingdom, the USSR] must continue **A SHORT SPACE**. [A beginning of the Space Race can be said to have occurred with the Soviet launching of *Sputnik* on October 4, 1957, and then the 1958 creation of NASA, both occurring during the Eisenhower Administration.]*

*11 And **THE BEAST** [out of the Pit in Rev. 17:08, the United States of America] that was, and is not, even **HE IS THE EIGHTH**, and is of the seven, and goeth into perdition.*
