

## **#149 The Hammer of the Whole Earth – The 5120 and 5121 Beginnings of the Manhattan Project**

The August 6, 1945, Hiroshima and August 9, 1945, Nagasaki atomic bombs dropped on Japan by America are quite enormous in prophecy. There is much to cover. We will briefly and barely dip into the understanding of the August 6 and August 9, 1945, atomic bombs and then we must depart.

Jeremiah chapter 51 is much about the destruction of Babylon. Scholars understand that there is a spirit of *double fulfillment* to the passage, meaning (a) Old Babylon of the time of Nebuchadnezzar, and (b) Babylon the Great of the last days seen in Revelation 18, which we will now begin to see is the United States of America. Let's draw our attention specifically to Jeremiah 51:20 and 51:21. These verses are referring to the time period of Cyrus the Great of the Media-Persians, and also Babylon, in the century leading up to 500 B.C. They read as follows:

August 6, 1945, Hiroshima atomic bomb

***Jeremiah 51:20 (KJV) THOU ART MY BATTLE AXE and WEAPONS OF WAR: for WITH THEE WILL I BREAK IN PIECES THE NATIONS, and WITH THEE WILL I DESTROY KINGDOMS;***

***Jeremiah 51:21 (KJV) And with thee will I break in pieces the horse and his rider; and with thee will I break in pieces the chariot and his rider;***

**Key Understanding: Confirming the latter day(s) Jeremiah 51:20-51:21 kingdom. There is a latter day(s) Jeremiah 51:20 and Jeremiah 51:21 kingdom that the Lord ordained to arise to “break in pieces the nations” and “destroy kingdoms”. As you will see in the next paragraph, the beginnings of the Manhattan Project confirm that the latter day(s) Jeremiah 51:20 and**

**Jeremiah 51:21 nation, or the Second Babylon –**

**meaning Babylon the Great of Revelation 18 – is the United States of America. Not only would Third Reich Germany and the USSR be destroyed by the U.S., and broken into pieces (Unsealing [#148](#)), but the Japanese Empire would be destroyed as well, through what the Lord ordained to be the Jeremiah 5120 and 5121 atomic bombs.**

Most in the world would say that America's status today as the lone superpower, with military prowess matched by none, can be traced to its being the first to develop the atomic bomb. The project to develop the atomic bomb, of course, was named the Manhattan Project. The director of the Manhattan Project was Leslie Groves. In his book *Now It Can Be Told: The Story of the Manhattan Project*, Groves writes, “The office out of which I was to control

Director of the Manhattan Project, Leslie Groves

the Manhattan Project was set up while I was on my first visit to Tennessee. **It consisted of two rooms, 5120 and 5121, in the new War Department building (now the State Department building), at Twenty-first and Virginia Avenue, N.W. [in Washington, D.C.]. I moved as soon as I returned.”**

Besides the obvious identical numbering of 5120 and 5121 with the verse numbers 51:20 and 51:21 of Jeremiah, please note the comparison of the words and theme of weapons of war in Jeremiah 51:20 with Groves’ statement that the two rooms, 5120 and 5121, were in the new War Department building. Moreover, rooms 5120 and 5121 were obviously dedicated to the overseeing of the construction of a new kind of super weapon of war. It all was for the purpose of a latter day(s) fulfillment of Jeremiah 51:20. ***Jeremiah 51:20 (KJV) THOU ART MY BATTLE AXE and WEAPONS OF WAR.***
