

## #176 Making the World Safe for Democracy – The Double Russian Revolutions of 1917

**Key Understanding: *Double Russian Revolutions of 1917.*** Before we continue on with what will be part 3 of explaining how and why the Fall of the Romanov Dynasty stimulated America’s entry into World War I, let’s introduce the subject matter of there being Double Russian Revolutions in 1917. The fact that there were Double Russian Revolutions in 1917 is enormous in prophecy.

**First Russian Revolution of 1917, the democratic Provisional Government.** The First Russian Revolution occurred in March 1917, and immediately led to a democratic Provisional Government at the time of the overthrow of the Romanov Tsar, Nicholas II. This is the government that Woodrow Wilson supported. Its establishment would aid Woodrow Wilson in his decision to enter the war to “Make the World Safe for Democracy.”

**Second Russian Revolution of 1917, the Bolsheviks.** Russia was in severe turmoil during the mid-months of 1917. The Bolsheviks, led by V. I. Lenin, wanted power and were able to overthrow the democratic Provisional Government in what is known as the October Revolution. [Thus, the name of the Russian submarine in the book and movie *The Hunt for Red October* was *Red October*.] However, Russia at the time of World War I was still abiding by the old calendar, and in the western world the October Revolution was occurring on November 6-7, 1917. November 6-7, 1917, were the beginnings of what would become the “*short space*” Soviet Union.

This was an introduction, but we will soon return to discuss the Lord’s reasons for The Double Russian Revolutions of 1917.

Remember, World War I was birthing both the 7<sup>th</sup> Kingdom USSR and the *Second* Ascension of the 8<sup>th</sup> Kingdom U.S. . . .
