

#316 The Deadly Wound of the Beast – The One Head of Revelation 13:3 is the Seventh Head(s)

The previous Unsealing was about there being two deadly head wounds in Revelation 13, (1) a deadly wound to one head of the seven heads of the Beast, and (2) a deadly wound to the Beast itself. Let's first concentrate on the deadly wound to one head of the Beast, but let's keep in mind that there is also a deadly wound to the Beast itself. We will be connecting it all together in short order.

Revelation 13:3 says that one head of the seven heads of the Beast is wounded to death.

Revelation 13:3 (KJV) And I SAW ONE OF HIS [Seven] HEADS AS IT WERE WOUNDED TO DEATH; AND HIS DEADLY WOUND WAS HEALED; and all the world wondered after the beast.

Question: Which one head of the seven heads is wounded to death?

Key Understanding and Answer: The one head of the seven heads of the Beast that is wounded to death is the 7th Head. However, since the 7th Head itself was composed of the Double 7th Kingdoms of Germany's Third Reich and the Soviet Union [see Unsealing #125 The Short Space Kingdoms – Hitler's Germany and the USSR: Double 7th Kingdoms that lasted "a short space"], we can correctly assume that the Lord also means for the 'deadly wound' passage of Revelation 13:3 to be applied to each.

	<p><u>The wounding of double 7th Heads</u> (though the wounding of only one is depicted above)</p> <ol style="list-style-type: none"> 1. Was <u>Hitler's Third Reich</u> wounded to death? Yes, by America (and the "united nations"). 2. Was the <u>Soviet Union</u> wounded to death? Yes, by America.

Now let's continue on to the next part of Revelation 13:3 . . . **AND HIS DEADLY WOUND WAS HEALED**. The enormous question is . . . Is this speaking of the one head being healed, or the Beast being healed, or both, or what? It is the sorting out of this particular question that clarifies the full meaning of our subject matter of the Deadly Wound of the Beast.
