

#355 The Deadly Wound of the Beast, Phase II – September 2, 1945: The direct relationship and connection between the Pearl Harbor Head Wound and the Vietnam War Head Wound

We are covering that in the fulfillment of Revelation 13:3, 13:12, and 13:14, the Beast has had two seemingly deadly wounds that have been healed, (1) **Pearl Harbor**, December 7, 1941, associated with World War II, and (2) **the Vietnam War**, associated with the Cold War. In the case of **Pearl Harbor**, it represented America losing a major *battle* that forced its entry into a war (World War II). In the case of the **Vietnam War**, of course, it represented America losing not just a battle, but an entire major *war*. Now we will see that . . .

Key Understanding: There was a direct historical relationship and connection between the Pearl Harbor Head Wound and the Vietnam War Head Wound. The *healing* of the *first* deadly wound to America – the Pearl Harbor Head Wound – through the September 2, 1945, official surrender of Japan aboard the *USS Missouri*, occurred on the same day – September 2, 1945 – as another key event that led to the *second* deadly wound to America, the Vietnam War Head Wound. Moreover, the two events of September 2, 1945, were interrelated.

Let's again use Revelation 13:12 as our key verse, although we have yet to reach the point of fully understanding it.

Revelation 13:12 (KJV) And he [the Second Beast] exerciseth all the power of the first beast [the Beast out of the Sea in Revelation 13:1] before him, and causeth the earth and them which dwell therein to worship THE FIRST BEAST [the Beast out of the Sea in Revelation 13:1], WHOSE DEADLY WOUND [of the Vietnam War] WAS HEALED.
