

## #624 The Boston Stump – Boston Stump establishing the Roots of America

**Key Understanding:** *The Boston Stump established the roots of America.* The prominent fact in the understanding of the theme of *the Boston Stump* is that the town of Boston, Lincolnshire, England, and its church, Boston Stump, of which John Cotton was a long-time minister, were significant in establishing the roots of the United States of America.

Here is #624–Doc 1, which has an excellent picture of Boston Stump, and then a long article, if one cares to read it, about **Boston, Lincolnshire, England, and the foundation of the United States of America.** If one does not care to read it all, that is fine, but the premise that should be accepted is that it would be an historically accepted fact that the city of Boston, Lincolnshire, England, and its church, Boston Stump, were conspicuous in establishing the roots of the United States of America, Babylon the Great.

*15 Nevertheless **LEAVE THE STUMP OF HIS ROOTS IN THE EARTH**, even with a band of iron and brass, in the tender grass of the field; and let it be wet with the dew of heaven, and let his portion be with the beasts in the grass of the earth:*
