

#631 The Boston Stump – The Boston-Babylon Stump: America as “the Boston Stump” represents the restoration of the Babylon Stump and its Roots – as “habitation of devils” Babylon the Great

Definitions

Boston Stump – The Anglican church of John Cotton in Boston, Lincolnshire, England, was instrumental in establishing the roots of the United States of America, which is Babylon the Great of Revelation 18. **Boston Stump church was instrumental in birthing Babylon the Great as the restoration of the (Daniel 5 Belshazzar) Babylon Stump and its roots.**

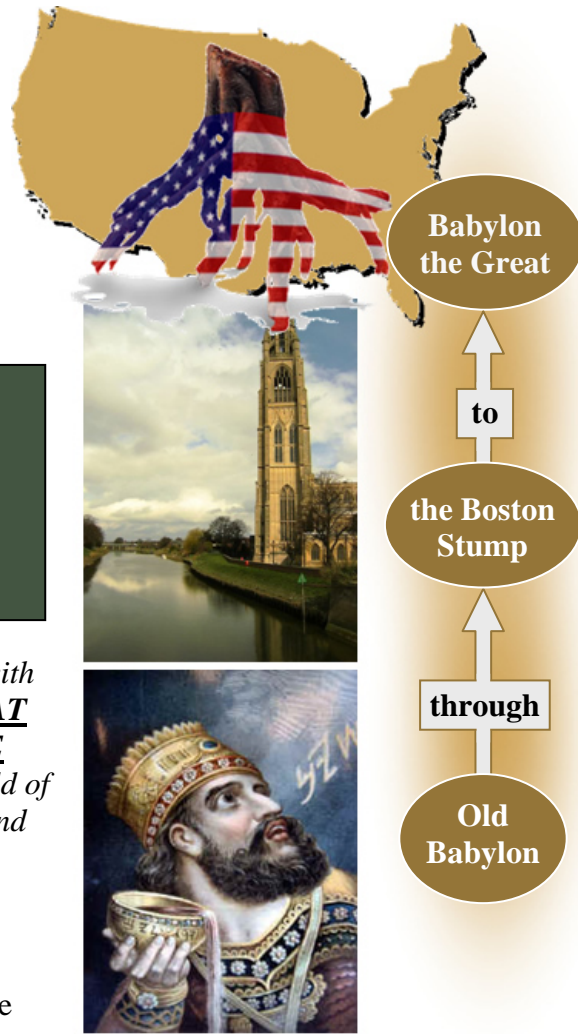

The Boston Stump – America is *the Boston Stump*, meaning that its roots were the extension of John Cotton’s Boston Stump church in Boston, Lincolnshire, England. As *the Boston Stump*, America was the outgrowth of the *unseen* yet existent (Daniel 5 Belshazzar) Babylon Stump and its roots. Putting the two together, America could be called *the Boston-Babylon Stump*.

Key Understanding: *The Babylon Stump.* America as “the Boston Stump,” or “the Boston-Babylon Stump,” represents the restoration of the (Daniel 5 Belshazzar) Babylon Stump and its roots – as “*habitation of devils*” Babylon the Great.

Revelation 18:2 (KJV) *And he cried mightily with a strong voice, saying, BABYLON THE GREAT IS FALLEN, IS FALLEN, AND IS BECOME THE HABITATION OF DEVILS, and the hold of every foul spirit, and a cage of every unclean and hateful bird.*

Questions: Is it really being said that the *Boston Stump* roots of America, coming out of John Cotton’s Boston Stump church in England, are the same as the *Babylon Stump* roots of America? Can that be seen anywhere in scripture? Why would the Lord equate the *Boston Stump* roots of the Puritans with the *Babylon Stump* roots of Babylon the Great?
