

#737 The Phony War and the Forgotten War – The Phony War ended on May 10, 1940

The **Phony War** (spelled Phoney War in Great Britain) was a descriptive phrase used for the time period during World War II that was after Germany's invasion of Poland on September 1, 1939, and after the great powers of Europe had declared war on one another – including Britain's September 3, 1939, declaration of war on Germany – when neither side committed to launching a significant attack.

Germany invaded Poland on September 1, 1939

The Phony War phase of World War II would end a few months later on May 10, 1940, with the beginning of Hitler's invasion of Belgium, Luxembourg, the Netherlands, and France. The war was then for real. Winston Churchill became the Prime Minister of Great Britain the same day.

Key Understanding: *The phony war ended on May 10, 1940.* The Lord ordained the early phase of World War II to be called the Phony War in Great Britain and the U.S., and to end on May 10, 1940, with Hitler's invasion of Western Europe and the simultaneous rise of Winston Churchill to the position of Prime Minister of Great Britain.

The key verse for the Phony War is Daniel 7:21, the same verse already attached to the events of May 10, 1940. We will explain why in the next Unsealing.

Daniel 7:21 (KJV) I beheld, and THE SAME HORN [the Daniel 7:8 Little Horn Nation of America] MADE WAR WITH THE [Church-ill] SAINTS, and prevailed against them;
