

## **#740 The Phony War and the Forgotten War – The Battles for Seoul**

**Seoul.** Seoul is the capital of and largest city in South Korea. It has one of the largest populations of any city in the world. During its frantic first year, the Korean War was marked by its battles for Seoul.

**The Battles for Seoul.** The war began when Kim Il Sung launched a well-prepared invasion of the south on June 25, 1950. Three days later, his Soviet-trained troops took Seoul. **It was to be the first of four times that the city of Seoul fell to armies in the next twelve months.**

The United States, which had withdrawn almost all its forces from Korea to Japan in the previous two years, immediately sent them back and rallied support from the United Nations. An international force of 16 countries, including Turkey, Australia, Greece, New Zealand, and Britain, fought alongside the U.S. and South Korean forces.

**Phase #1, the battle for Seoul, the *North Koreans*** – Seoul was taken by the *North Koreans* in their June to September 1950 invasion.

**Phase #2, the battle for Seoul, the U.S.-led *United Nations*** – Seoul was retaken for the South by the forces of the *United Nations* as they pushed back northward in September and October of 1950.

**Phase #3, the battle for Seoul, the *Chinese*** – Seoul was retaken by the *Chinese* and North Koreans through the Chinese offensive of November 1950 to January 1951, after China entered the war.

**Phase #4, the battle for Seoul, the U.S.-led *United Nations*** – Seoul was retaken by the *U.S.-led United Nations* forces when they again advanced after January 1951. Seoul was in the hands of the South until an armistice was signed in July 1953 and remains so to this day.

Here is #740–Doc 1, maps which also show and explain the offensives and invasions that led to the four battles for Seoul during the first year of the Korean War.

**Key Understanding:** The Lord ordained the intense *battles for Seoul* in the Korean War to reveal the counterfeit of the true and real *battle for souls* in the spiritual realm. Simply, the *battles for Seoul* were the focus of the world and the Church-ill, as a counterfeit and a substitute – a replacement – for the true spiritual *battle for souls*.

In the eyes and the heart of the Church-ill, the Church-ill's participation in the *battles for Seoul* was a positive integral part of the *battle for souls* (a good example is Billy Graham's telegram to President Truman, as quoted in the previous Unsealing), while to the Lord, the Church-ill's participation in the *battles for Seoul* represented a negative part of the *battle for souls*, with the antichrist nation of America making war with the saints and prevailing against them.

*Daniel 7:21 (KJV) I beheld, and THE SAME HORN [the Daniel 7:8 Little Horn Nation of America] MADE WAR WITH THE [Church-ill] SAINTS, and PREVAILED AGAINST THEM;*
