

**#808 The Black Horse Rider – Sergeant York, the man, and the November 15, 1917, *Second Ascension of America*, part 1**

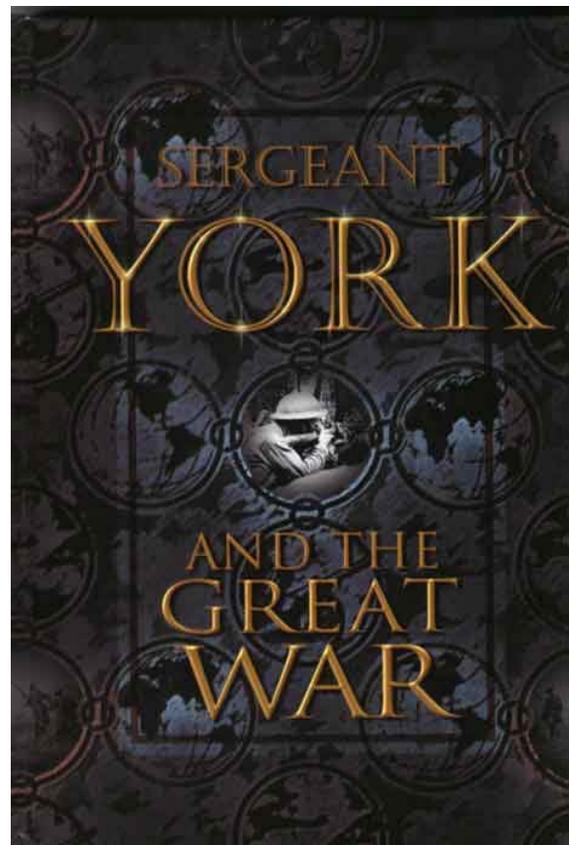

- (i) **Constantine the Great** and conquering through **war** were linked with **York**, England.
- (ii) **George Washington** and conquering through **war** were linked with **Yorktown**, Virginia.
- (iii) **Woodrow Wilson** and conquering through **war** were linked with **Sergeant York**, the man.
- (iv) **Ronald Reagan** and conquering through **war** were linked with **Sergeant York**, the horse.

**Review.** We have discussed that the Double Russian Revolutions led by Alexander Kerensky and V. I. Lenin, in addition to birthing the 8<sup>th</sup> and 7<sup>th</sup> Kingdoms of Revelation 17:10-11, respectively, were birthing the Woodrow Wilson-led U.S. as the White Horse Rider and the V. I. Lenin-led USSR as the Red Horse Rider. [Reference Unsealing [#789](#).]

**The World War I *Second Ascension of America* in 1917.** Remember, we have termed this ‘birth’ of the United States during World War I a *second ascension* of America. This was addressed extensively in Unsealings [#156–#173](#). Near the beginning of the series (Unsealing [#157](#)), we discussed the World War I ascension of America as the 8<sup>th</sup> Kingdom, while we ended the series discussing that America received the mantle of the *Fourth Rome* because it was receiving a religious-political mantle from the *Third Rome*, and was also receiving the religious-political mantle as the *Fourth Christian Roman Empire* of its day.

**1708-1917 “double portion of the spirit.”** The Lord ordained that there be a prophetic *second ascension* of America in 1917 in World War I, to show a double portion of the spirit of Revelation 17:08, 209 years after the year 1708, the birth year of William Pitt (reference Unsealing [#159](#)).

When we compare (i) *above*, **Constantine the Great** and conquering through **war** were linked with **York**, England, with (iii) *above*, **Woodrow Wilson** and conquering through **war** were linked with **Sergeant York**, the man, we see the *Second Rome* with (i) and the *Fourth Rome* with (iii). The point is simply that the **Yorks** are also a part of the connection with the **Romes**. **York**, England, is connected with the **Second Rome** and **Sergeant York** with the **Fourth Rome**.

**November 15, 1708-November 15, 1917,** “double portion of the spirit.” But now let’s get to the heart of this Unsealing and shift our comparison to Sergeant York specifically representing the *second ascension* of America, and specifically on the date of November 15, 1917, which was exactly 209 “double portion of the

spirit” years after the November 15, 1708, birth of William Pitt, which was in essence representing America’s *first ascension* out of the pit in 1776.

**Key Understanding:** When we compare (ii) *above*, George Washington and conquering through war were linked with Yorktown, with (iii) *above*, Woodrow Wilson and conquering through war were linked with Sergeant York, we are to see that (ii) *above* represents the initial rise (the *first ascension*) of the Beast out of the Revelation 17:08 pit, which is entirely connected to the November 15, 1708, birth of William Pitt, while (iii) *above* represents the 1917 *second ascension* of America as the Beast out of the Pit. Moreover (as is discussed in the next Unsealing), the story of Sergeant York is specifically tied to the date of November 15, 1917.

The story of Sergeant York is specifically tied to the date of November 15, 1917, exactly 209 years after the birth of William Pitt, the Elder

*Revelation 17:08 (KJV) **THE BEAST** that thou sawest was, and is not; and **SHALL ASCEND OUT OF THE BOTTOMLESS PIT** [attached to the years 1708 and 1917], and go into perdition: and they that dwell on the earth shall wonder, whose names were not written in the book of life from the foundation of the world, when they behold the beast that was, and is not, and yet is.*
