

#1711 The Yom Kippur War and the Abomination of Desolation – The pre-World War II U.S. waxing great toward the South and toward the East as a *second* Syria/Antiochus IV Epiphanes, part 4, *The double Northwest Territories: The ordained double of (i) George Rogers Clark and the Northwest Territory, and (ii) his younger brother, William Clark (of the Lewis and Clark Expedition), and the Northwest*

Before we go any further, it should be explained that . . .

Key Understanding: *The double Northwest Territories.* As a part of the fulfillment of Daniel 8:9, the Lord ordained the double of (i) George Rogers Clark, who was called “the Conqueror of the Old Northwest” for his role in defeating the British during the Revolutionary War in what became known as the Northwest Territory, and (ii) his younger brother, William Clark, of the Lewis and Clark Expedition (1804-1806), which was the first overland American expedition to the Northwest (and the Pacific Coast) and back. Thus, there were *double Northwest Territories*, one officially so, and the other unofficially so – a Northwest Territory, and a northwest territory.

The Lewis and Clark Expedition changed the mapping of the territory that would become the far northwest United States by providing the first accurate depiction of the relationship of the sources of the Columbia and Missouri Rivers, and the Rocky Mountains. (See the famous Lewis and Clark Expedition map *below*. To appreciate it more, magnify.) Thus, the Northwest Territory of George Rogers Clark was closely associated with the Ohio River and the Mississippi River, while the northwest territories of William Clark were closely associated with the Missouri River and the Columbia River.

Daniel 8:9 (KJV) And OUT OF ONE OF THEM [the second Syria, the United States, located in the northwest part of the world] CAME FORTH A LITTLE HORN, which waxed EXCEEDING GREAT [from the Northwest Territory], toward THE SOUTH, and toward THE EAST, and toward THE PLEASANT LAND.
