

#1855 The Yom Kippur War and the Abomination of Desolation – The post-World War II U.S. waxing great toward the South and toward the East as a *second* Syria/Antiochus IV Epiphanes, part 114, **The Thatcher-Churchill theme spans the Revolutionary War, World War II, the Cold War, the Gulf War, and the Iraq War**

Review (from Unsealing #1850): On August 2, 1990, U.S. President George H. W. Bush and British Prime Minister Margaret Thatcher were in Aspen, Colorado, to speak at the Aspen Institute. Saddam Hussein had freshly invaded Kuwait. Bush and Thatcher discussed the American and British response. Thatcher urged Bush to be “Churchillian.”

Key Understanding: *The Thatcher-Church-ill theme extends to the Iraq War.* Recent Unsealings explained that the Thatcher-Church-ill theme was attached prophetically to the Great Colonial Hurricane of 1635, the Great New England Hurricane of September 21, 1938, and Hurricane Hugo of September 21-22, 1989, which, in addition, were attached prophetically to the victories by the United States in (i) the Revolutionary War (remember, the Mathers represented *the voice/will of the people* in specific attachment to England’s Glorious Revolution of 1688 and the 1689 English Bill of Rights, predecessors of the American Revolution of 1776 and the 1791 American Bill of Rights [reference Unsealings #602–#621]), (ii) World War II, and (iii) the Cold War, respectively. Carrying it a step further, Margaret Thatcher’s urging of George H. W. Bush to be “Churchillian” in opposition to Saddam Hussein’s invasion of Kuwait led to (iv) the 1991 Gulf War, and by extension also led to its latter phase of (v) the 2003 (start of the) Iraq War.

To summarize, as the title says, the Thatcher-Churchill theme spans the Revolutionary War, World War II, the Cold War, the Gulf War, and the Iraq War.
