

#1961 The Yom Kippur War and the Abomination of Desolation – The post-World War II U.S. waxing great toward the South and toward the East as a *second* Syria/Antiochus IV Epiphanes, part 220, The Assassination of John F. Kennedy, (xli), Hitler’s body given to the burning flame

Review (from Unsealing #1946): *The head wound death of Hitler and West Germany; the head wound death of Kennedy and East Germany.* There is a prophetic relationship between the head wound death of Berliner Adolf Hitler, who committed suicide in Berlin as the Russians were closing in near the end of World War II, and the head wound death of ‘Berliner’ John F. Kennedy, who was assassinated by Lee Harvey Oswald. The self-inflicted head wound death of Adolf Hitler on April 30, 1945, was obviously a part of the events of the deadly wound to the 7th Head, Hitler’s Germany, which led to the September 7, 1949, healing of *West* Germany with American democracy. Later, the November 22, 1963, head wound assassination of John F. Kennedy pointed to the fall of the Berlin Wall on November 9-11, 1989, which represented the *delayed* healing of *East* Germany with American democracy, and, at the same time, represented the deadly wound given to the 7th Head *pretender* Scarlet Beast Soviet Union.

Key Understanding: *Hitler given to the burning flame; Kennedy given to the burning flame.* For the same reasons that the head wound death of Adolf Hitler is prophetically linked with the head wound death of John F. Kennedy, Adolf Hitler’s body was literally given to a burning flame just as Kennedy’s body is represented as being given to the eternal burning flame.
