*Daniel 7:11 (KJV) I beheld then because of **THE VOICE OF THE GREAT WORDS WHICH THE HORN SPAKE** [represented by John F. Kennedy’s inauguration speech of January 20, 1961]: **I BEHELD EVEN TILL THE BEAST WAS SLAIN** [warned about through the presaging event of the November 22, 1963, Oswald assassination of John F. Kennedy], **AND HIS BODY DESTROYED, AND GIVEN TO THE** [eternal] **BURNING** [orange] **FLAME** [warned about through the eternal flame placed on the gravesite of John F. Kennedy at his burial on November 25, 1963].*

In order to thoroughly incorporate the prophetic theme of the House of Orange into what has already been covered in the Unsealings, a review of where we have been concerning the role of the Netherlands in prophecy is necessary. *Below* is a repeat of Unsealing [#266](#).

#266 The England-Netherlands Pit – The Lord’s purpose in ordaining the Netherlands to be named as such was to prophetically illustrate that the country’s unique spiritual role in history was from the Netherworld

We are making the transition from The Austrian Successor to **The England-Netherlands Pit**.

We are now turning, *but only briefly*, to the prophetic role of the Dutch Republic, or the Netherlands, in history and in prophecy. We are basically providing just an introduction to the important topic of the role of the Netherlands. We will return to it later after other understandings are established.

The name of the Netherlands

The word *nether* means *lower*, and *situated*, or *believed to be situated, beneath the earth’s surface*.

The word *nethermost* means *lowest*.

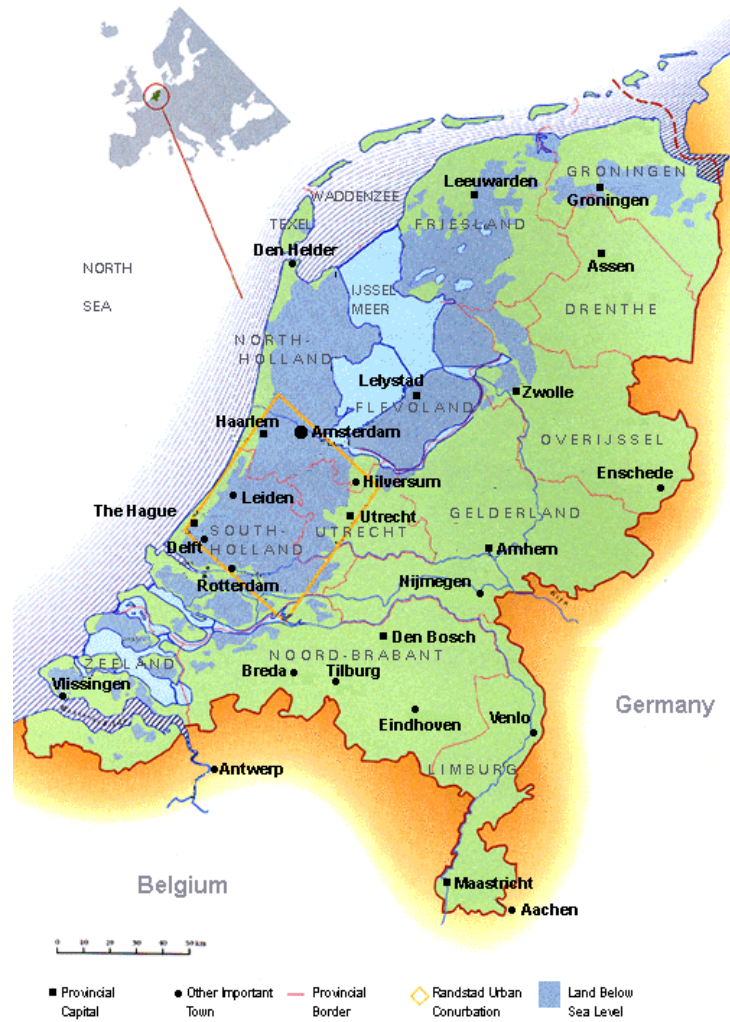

The word *netherworld* means *the world of the dead, or the underworld*.

The name *Netherlands* means *low lands, or low countries*. The name was originally given to that part of Europe by the Austrians, who saw it as low-lying in contrast with the mountainous terrain of their own country. In fact, the Netherlands, Belgium, and Luxembourg are often referred to as the “Low Countries.”

The land of the Netherlands is indeed situated geographically low. More than two-fifths of the country’s land was once covered by the sea, or by lakes or swamps. The Dutch “created” this land by pumping out the water. In these drained areas, called *polders*, are the richest farmlands and largest cities of the Netherlands. Amsterdam, the capital and largest city, is on a polder.

The map below shows the land in the Netherlands that is below sea level, colored blue

Key Understanding (of Unsealing [#266](#)):
The Netherlands represents the Netherworld.
The Lord ordained that what would become known as the *Netherlands* be named as such – the *Netherlands* – to reveal that its very birth as a country and unique role in the *spiritual* history of mankind – which many would think was of God – actually represented doctrines from the *Underworld*.
