

#2126 The Yom Kippur War and the Abomination of Desolation – The post-World War II U.S. waxing great toward the South and toward the East as a *second* Syria/Antiochus IV Epiphanes, part 385, **The History of the Pale of Settlement, (xii), The larger Pale of Settlement**

The larger Pale of Settlement. The three Polish Partitions ended in 1795. However, maps of the Pale of Settlement often include the central part of Poland, most of which was occupied by Prussia (Germany) and Austria – not Russia – directly after the Polish Partitions. This is because an event occurred *after* 1795 that caused the central part of Poland to be included in the larger definition of the Pale of Settlement (which will be addressed beginning with the next Unsealing).

Key Understanding: *The larger Pale of Settlement.* The larger definition of the Pale of Settlement – which is the size of the Pale of Settlement most often depicted – included the central part of Poland.

*Revelation 6:7-8 (KJV) And when he had opened **THE FOURTH SEAL**, I heard the voice of the fourth beast say, Come and see.
8 **And I looked, and behold A PALE HORSE: and his name that sat on him was DEATH, AND HELL followed with him.** And power was given unto them over the fourth part of the earth, to kill with sword, and with hunger, and with death, and with the beasts of the earth.*
