

#2164 The Yom Kippur War and the Abomination of Desolation – The post-World War II U.S. waxing great toward the South and toward the East as a *second* Syria/Antiochus IV Epiphanes, part 423, **The Pale Horse, (xx), The Pale Horse arises in conjunction with the White Horse, the Red Horse, and the Black Horse: Review of Unsealing #821**

Key Understanding: *The Pale Horse arises in conjunction with the White Horse, the Red Horse, and the Black Horse.* This segment of Unsealings is for the purpose of understanding that the Pale Horse and its rider arise in conjunction with the rise of the White Horse, the Red Horse, and the Black Horse. Reviews of Unsealings [#785](#), [#787–#789](#), [#796–#799](#), [#803](#), [#806–#807](#), [#812–#814](#), [#819](#), and [#821](#) will help to clarify. Below is a repeat of Unsealing [#821](#). [Note: The entirety of The Black Horse Rider series included Unsealings [#792–#824](#).]

#821 The Black Horse Rider – The Black Horse as the Red Horse, part 3, Moscow was taken by the Reds on November 15, 1917; Sergeant York’s induction into the U.S. Army was on November 15, 1917

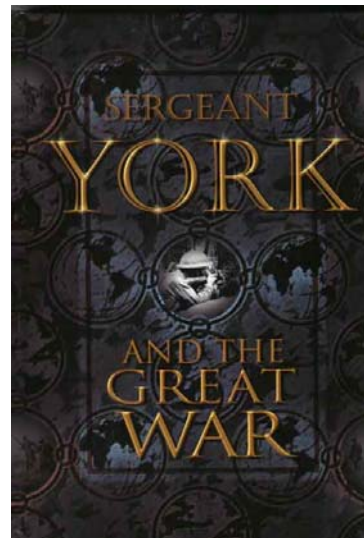

The November 15, 1917, *second ascension* of America, the Black Horse Rider

Unsealings #808–#810 were about Alvin York’s November 15, 1917, induction into the U.S. Army and its role as a part of the representation of the *second ascension* of America in World War I as the Beast out of the Pit in Revelation 17:08.

Remember, this time period reflected the *birth* of the Red Beast (and Red Horse Rider) Soviet Union as well as the *second ascension* of the Scarlet Beast (and Black Horse Rider) America.

Black Horse Rider

The November 15, 1917, *birth* of the Soviet Union, the Red Horse Rider

The Soviet Union was not officially formed until December 30, 1922. By that time, however, the Russian capital had already been moved from St. Petersburg (Petrograd, and finally Leningrad in 1924) to **Moscow**. Moscow would become the face of the Soviet Union.

On November 7 (October 25 on the old Russian calendar), 1917, armed workers led by the Bolsheviks took control over Petrograd. Early that evening, the Winter Palace, headquarters of the Alexander Kerensky-led democratic Provisional Government, was seized. Members of its government were arrested. **Then, after a bloody struggle in Moscow on November 15, 1917, leaving over 4,000 killed, the Bolsheviks controlled the city.** [One source on this is *World Book Encyclopedia*, Vol. 20, p. 54, © 1990, under Union of Soviet Socialist Republics.]

Key Understanding: *The relationship between Sergeant York and the capture of Moscow by the Reds.* The rise of the Red Beast/Red Horse Rider in Moscow itself occurred on November 15, 1917, the same day that Alvin York was inducted into the U.S. Army, exactly 209 years after the November 15, 1708, birth of William Pitt. This was to show the strong and entwined prophetic relationship between the birth of the Red Beast USSR and the second ascension of the Scarlet Beast United States. Or, it can be seen that the capture by the Bolsheviks of the city of Moscow, which would become the capital city of the Soviet Union, took place on November 15, 1917, exactly 209 years after the November 15, 1708, birth of William Pitt, because America is the Scarlet Beast out of the Pit, of which the Red Beast USSR was a counterfeit.

The relationship between Sergeant York and the capture of Moscow by the Reds is easy to understand when viewed through the lenses of the White Horse, Red Horse, and Black Horse. We see Sergeant York, the man, tied to Woodrow Wilson as a White Horse Rider, while the capture of Moscow by the Bolsheviks is tied to the rise of the Red Horse Rider, whom the Black Horse Rider Ronald Reagan-led U.S. eventually defeated in the Cold War.

The Black Horse Rider (Ronald Wilson Reagan/U.S.) and Sergeant York, the horse

Revelation 6:5 (KJV) *And when he had opened THE THIRD SEAL, I heard the third beast say, Come and see. And I beheld, and lo A BLACK HORSE; and he [Ronald Reagan, who died on June 5, 2004, symbolically dismounting for the last time the black horse, Sergeant York] that sat on him had A PAIR OF BALANCES IN HIS HAND. [December 8-10, 1991, was 11 years after the December 8, 1980, foretelling death of John Lennon, which was 62 years + 2 months after the October 8, 1918, heroics of Sergeant York. December 10, 1991, was Black Horse Day, meaning that the Black Horse Rider U.S. defeated the Red Horse Rider USSR on that day, during the administration of George H. W. Bush. “Many were made white.”]*
