

**#2172** The Yom Kippur War and the Abomination of Desolation – The post-World War II U.S. waxing great toward the South and toward the East as a *second* Syria/Antiochus IV Epiphanes, part 431, **The Pale Horse, (xxviii), The combination of the Double Russian Revolutions – ultimately representing the White Horse Rider and the Red Horse Rider – ending the Tsar’s regime, which was in the role of a *preceding* Pale Horse Rider**

**Review** (from the previous two Unsealings): *Democracy defeats the pale horse and its rider.* The April 2, 1917, events of (a) Woodrow Wilson’s war message to enter the U.S. into World War I and (b) Kerensky’s democratic Provisional Government’s abolition of the Pale of Settlement *specifically prophetically* represent(ed) the defeat of the Romanov Russian Empire in its role as a *preceding* Pale Horse Rider persecutor of the Jews.

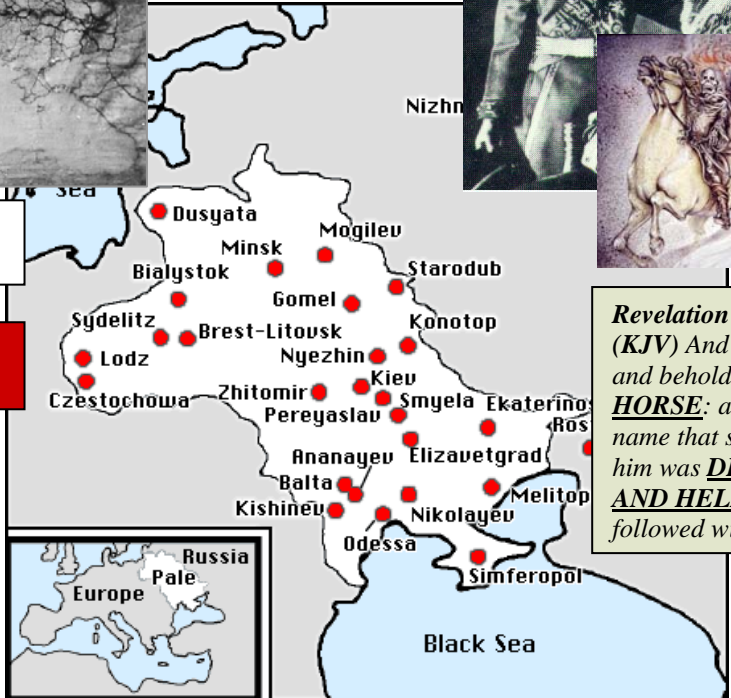

**WHITE HORSE RIDER**  
1<sup>st</sup> Russian Revolution of 1917

**RED HORSE RIDER**  
2<sup>nd</sup> Russian Revolution of 1917

**PALE HORSE RIDER**  
Tsar Nicholas II

**Revelation 6:8a (KJV)** *And I looked, and behold A PALE HORSE: and his name that sat on him was DEATH, AND HELL followed with him.*

**Key Understanding:** *The white horse rider and the red horse rider end the reign of a preceding pale horse rider. The combination of the Double Russian Revolutions – ultimately representing the White Horse Rider and the Red Horse Rider – ended the Tsar’s regime, which was in the role of a preceding Pale Horse Rider. [Note: The U.S. recognized and welcomed the democratic Provisional Government of Alexander Kerensky, thereby helping to solidify the ending of the 300 year reign of the Romanov Russian Empire.]*
