

#2241 The Yom Kippur War and the Abomination of Desolation – The post-World War II U.S. waxing great toward the South and toward the East as a *second* Syria/Antiochus IV Epiphanes, part 500, **The Pale Horse, (xcvii), The United States of America as the Pale Horse Rider: Exactly as America is fulfilling its destiny as the *primary* Pale Horse Rider on April 2, 1917, Alexander Kerensky’s democratic Provisional Government – which prophetically represented America – was ending the Pale of Settlement**

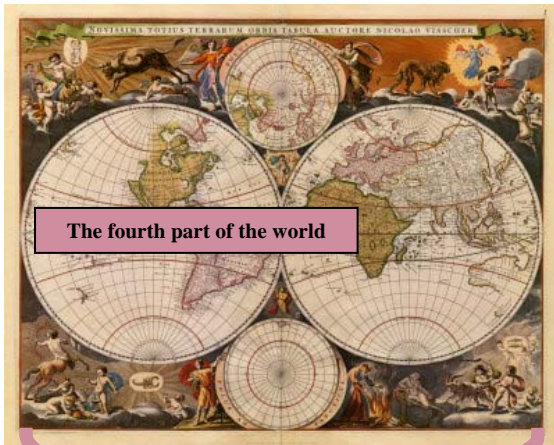

Key Understanding: *The doubles of the pale horse rider on April 2, 1917.* Exactly as America began to “make the world safe for democracy” on April 2, 1917, fulfilling its destiny as the *primary* Pale Horse Rider, Alexander Kerensky’s democratic Provisional Government – which prophetically represented America – was ending the Pale of Settlement. [Reference Unsealing #2165, which presented the same message as an introduction leading back to this Unsealing.]

[Note: Though Event 1 *below* is listed before Event 2 in this comparison, Event 1 would have actually occurred later (in the day) than Event 2, because Woodrow Wilson’s war message to Congress occurred in the evening in the United States.]

Event 1

April 2, 1917

America exercising its role as the Pale Horse Rider, in the role of defeating and/or replacing the Prussian (German) Empire, Austrian-Hungarian Empire, and Russian Empire.

Revelation 6:8 (KJV)
And I looked, and behold A PALE HORSE: and his name that sat on him was DEATH, AND HELL followed with him. And power was given unto them over THE FOURTH PART OF THE EARTH, to kill (i) with sword, and (ii) with hunger, and (iii) with death, and (iv) with the beasts of the earth.

Woodrow Wilson, April 2, 1917: the “to kill with sword” rider on the Pale Horse making the whole world – both the Western Hemisphere and the Eastern Hemisphere – safe for democracy

President Wilson asking Congress to declare war on Germany, April 2, 1917

Event 2

April 2, 1917

Alexander Kerensky's democratic Provisional Government – which prophetically represents the United States of America – ends the Russian Pale of Settlement.

The Pale slaying of Russia

The Pale slaying of the tsarist Russian Empire in World War I by Alexander Kerensky's democratic Provisional Government (*Kerensky is pictured in front of the Pale*) is represented and symbolized by the Kerensky government officially "ending" the Pale of Settlement on April 2, 1917, the day of U.S. President Woodrow Wilson's war message to Congress.
