**Key Understanding: *The silver kingdom's Rabbi Silver.* The Lord ordained American (Cleveland, Ohio) rabbi Abba Hillel Silver to be instrumental in the birth of the Jewish state of Israel to further confirm America's role as a *second (but counterfeit) silver kingdom of Media-Persia (re)birthing Israel.***

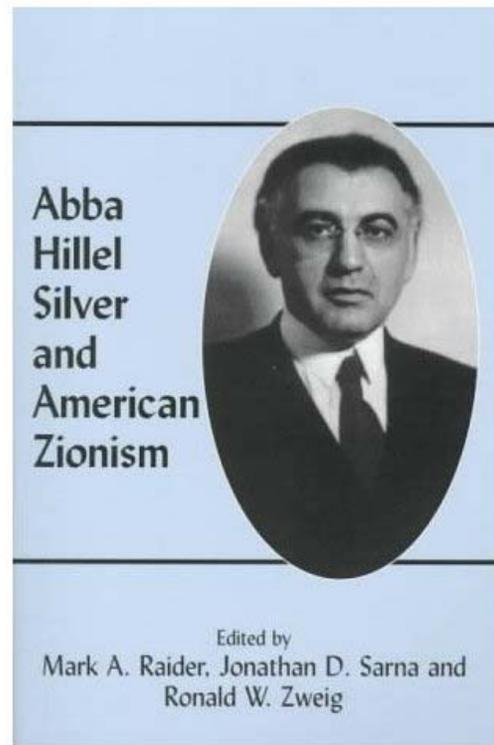

*Below* are excerpts from two different sources about the impact of Rabbi Abba Hillel Silver on the founding of the state of Israel.

(1) Gates to Jewish Heritage:

It was as a Zionist leader and statesman that Silver made his greatest mark. He was among the early organizers of the anti-Nazi boycott. In 1938 he became chairman of the United Palestine Appeal and co-chairman of the United Jewish Appeal. He did not believe, however, that philanthropy was the solution to Jewish difficulties. To him statehood was the only answer and the growing Jewish community of Palestine the chief hope.

With the outbreak of World War II, Silver saw the opportunity to achieve the Herzlian goal of a national state. He perceived that the postwar influence of the United States would be decisive, and winning the support of its people and government the crucial task. In 1943 he was called to lead the recently organized American Zionist Emergency Council which was phenomenally successful in the pursuit of the policy set by Silver, of mobilizing public opinion, both Jewish and non-Jewish, on behalf of the Zionist cause. The results were evident in the passage by the U.S. Congress of resolutions favoring the establishment of a Jewish Commonwealth and in commitments from the Republican and Democratic party platforms.

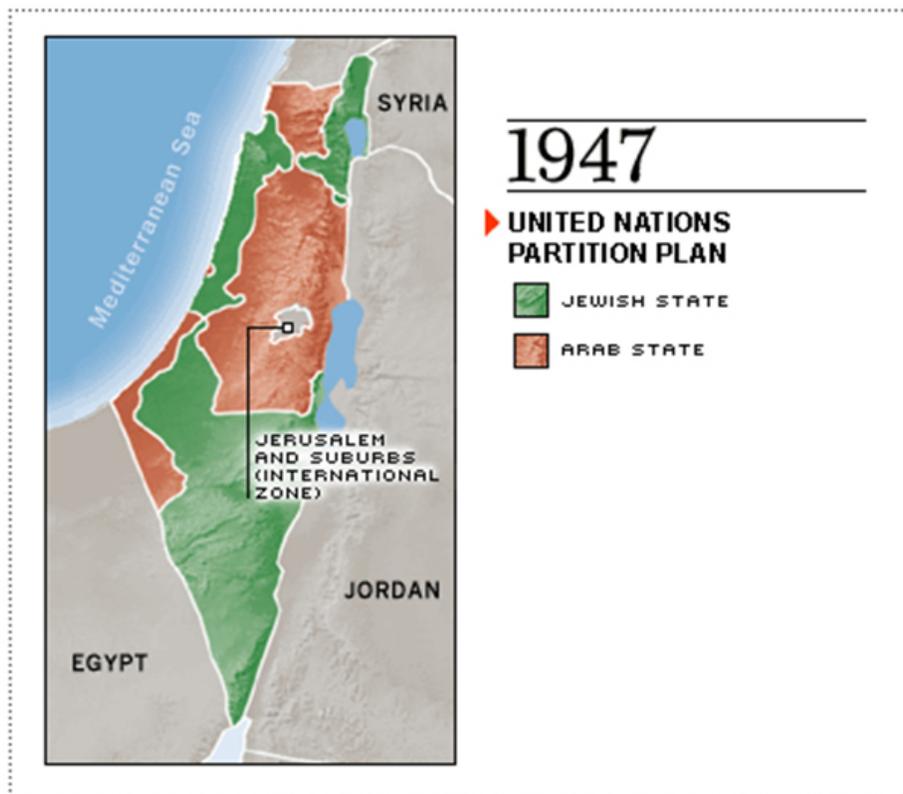

**He reached the climax of his Zionist leadership when on May 8, 1947, as chairman of the American section of the Jewish Agency, he presented the case for an independent Jewish state before the Assembly of the United Nations.**

(2) Jewish Virtual Library:

**Silver was relentless in his pursuit of American governmental support for the creation of a Jewish state.** While many American Zionists claimed that Jews should not pressure the American people and their government during wartime, Silver boldly insisted that American public opinion must be mobilized to achieve a state. Under his guidance, the American Zionist Emergency Council was overwhelmingly successful in shaping American public opinion, among both Jews and non-Jews. This strategy of outspokenness marked a new era in Zionist politics, [one] in which Jews began to express their opinions and desires publicly.

Silver was also able to sway world opinion to favor the creation of a Jewish state. **It was he, in his capacity as chairman of the American section of the Jewish Agency, who addressed the Assembly of the United Nations for the Zionists.** Several months later, in November 1947, the U.N. announced its approval of partition [the partition of Palestine] and the establishment of the Jewish state.

*Daniel 2:31-32 (KJV) Thou, O king, sawest, and beheld a great image. This great image, whose brightness was excellent, stood before thee; and the form thereof was terrible. 32 This image's **HEAD WAS OF FINE GOLD** [Babylon], **HIS BREAST AND HIS ARMS OF SILVER** [Media-Persia], **HIS BELLY AND HIS THIGHS OF BRASS** [Alexander the Great's Greece],*
