Key Understanding: *The one hour with the beast.* The launch of Alan Shepard on May 5, 1961, which marked America’s entry into the space race against the Soviet Union, also marked the *beginning* of a 41.666-year time period of the ten kings receiving power as kings “one hour with the beast” (Revelation 17:12). The launch of *Columbia* on January 16, 2003, marked the *end* of the same time period.

Revelation 17:12 (KJV) And the ten horns which thou sawest are ten kings [the Bill of Rights], which have received no kingdom as yet; BUT RECEIVE POWER AS KINGS ONE HOUR WITH THE BEAST. [The last flight of the space shuttle *Columbia* marked the *end* of a 41.666-year – or “one hour” – time period when the ten kings received power as kings with the beast.]
