

#2826 The Yom Kippur War and the Abomination of Desolation – The post-World War II U.S. waxing great toward the South and toward the East as a *second* Syria/Antiochus IV Epiphanes, part 1085, **Jackson Wild Ass Men, (xi), Andrew Jackson and the Democratic Party**

The modern *Democratic Party* in the United States is one of two major political parties in the country, the other being the *Republican Party*. It is the oldest political party in continuous operation in the United States and is one of the oldest parties in the world.

The Democratic Party traces its origins to the *Democratic-Republican Party*, founded by Thomas Jefferson, James Madison, and other influential opponents of the *Federalists* in 1792. However, the modern Democratic Party arose in the 1830's, with the election of Andrew Jackson.

The Democratic Party

Key Understanding: Andrew Jackson and the Democratic Party. The modern day Democratic Party is rooted in both Jeffersonian democracy and Jacksonian democracy, but the direct roots of the party are linked more closely with Andrew Jackson than any other man. Prophetically, this is because the Democratic Party – representing democracy – as well as Andrew Jackson, through his name and his position as President of the United States and as champion of the common man, are attached to the spirit described in Job 11:12.

The modern day Democratic Party, whose roots are in Andrew Jackson and whose symbol is the donkey (shown *below left*), represents the spirit described in Job 11:12. In other words, the reason why the Democratic Party is symbolized by a donkey is because of its part in the fulfillment of Job 11:12.

*Job 11:12 (KJV) For vain man would be wise,
THOUGH MAN BE BORN [with a natural birthright
to life, liberty, and the pursuit of happiness] **LIKE**
A WILD ASS'S [Jack's] COLT [son].*
